

Conference on “Economic Policy, Growth and Business Cycles”, June 20-21, 2005

Call for papers

Researchers working in the field of macroeconomics are invited to submit a (draft) paper before May 3 to one of the organizers. The conference will take place in Ghent. It starts on Monday 20 June at 9 am, and ends on Tuesday 21 June at 1 pm. The conference is preceded by a doctoral workshop in Matagne-la-Petite.

With contribution of:

Ben Heijdra (University of Groningen), *A Life-Cycle Overlapping Generations Model of the Small Open Economy*

Omar Licandro (European University Institute), *Measuring Growth in the Two-sector AK Model*

Frank Portier (Université de Toulouse), *When Can Changes in Expectations Cause Business Cycle Fluctuations in Neo-Classical Settings?*

Victor Rios-Rull (University of Pennsylvania), *Movements on the Price of Houses*

Organizers: David de la Croix [delacroix@ires.ucl.ac.be] & Freddy Heylen [Freddy.heylen@UGent.be].

Scientific committee: Raouf Boucekkine (CORE & IRES), David de la Croix (CORE & IRES), Hans Degryse (KUL), Freddy Heylen (UGent), Paul Reding (FUNDP).

Participating Institutions:

CORE and IRES, Université catholique de Louvain

CES, Katholieke Universiteit Leuven

GEQO, Facultés Universitaires Notre-Dame de la Paix

Sherppa, Faculteit Economie en Bedrijfskunde, Universiteit Gent

Funding: Belgian Science Policy (PAI/UAP program “Equilibrium theory and optimization for public policy and industry regulation”)
